

Anzac Day

Wreath Necklace

What you will need:

- A4 sheet of green card for leaves (or use the template on page 2)
- Glue or glue stick
- Scissors
- A piece of string 60 cm long

Instructions

1. Concertina fold the green card and cut into sections 1.5 cm wide. Draw a leaf shape on one side of a strip and cut it out to create multiple leaves. Repeat with remaining sections.
2. Place your string in a loop on your table and starting at the bottom, secure your leaf shapes to the string with tape.
3. Continue working up one side, then the other.
4. Turn your wreath over and glue leaf shapes on the other side, matching the shapes with the ones on the front.
5. Put aside to dry.

Your wreath necklace is now ready to wear.
