

# ENDANGERED WILDLIFE AROUND THE WORLD

## Endangered wildlife hidden creature

Name: \_\_\_\_\_

Hidden in the picture is one of Australia's most beautiful and vibrant critically endangered species. Can you see it?

Each shape in the picture has an equation in it. Work out the solution to the equation and colour the shape the corresponding colour:

30 – dark green

21 – black

63 – yellow

49 – light green

If there is no equation, leave the shape uncoloured.
