

## MIXED ACTIVITIES

### Small inside large word search

Name: \_\_\_\_\_

There are two parts to this word search.

First, find the words listed below in the grid on page 2.

Then, did you notice that each of the words has a smaller word inside it? Without moving any letters around can you identify the small words in each of the larger words?

Note: The letters 'I' and 'A', or the names of people or places, do not count. Words can be written forwards, backwards, and diagonally.
