

# Farming and the future

Name: \_\_\_\_\_

Watch the *Australian Agriculture – The Greatest Story Never Told* video (your teacher can help you access this), then answer the questions below.

1. What do you think the main message in the video is? (Finding the main idea)

---

---

---

---

---

---

---

---

2. Who do you think the video was made for and why? (Inferring/drawing conclusions)

---

---

---

---

---

---

---

---

3. Write down three new things that you learnt from the video. (Building new knowledge)

1) \_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

5. Explain why population growth is such a big challenge for farming. (Drawing conclusions/summarising)

---

---

---

---

---

---

---

6. What does the video say about how farmers can meet this challenge? (Literal comprehension)

---

---

---

---

---

---

---

7. Do you think farmers will always be able to grow enough food for people to eat, no matter how many people there are? Why? (Drawing conclusions)

---

---

---

---
