

Eye Chart – Word Making

Name: _____

How many words can you make only using the letters in the chart below? If the letter only appears once, you can only use it once within a word. For example, you could make the word 'are' but not the word 'area', because the letter 'A' only appears once in the eye chart.

Can you make the 11-letter word relating to eye health?

O

F R

T A E

U P T I

M S B O D

H R I T E C

D G K L W N Y Z J
