

TEMPLATES

Make a bow

Follow these instructions to make a beautiful bow.

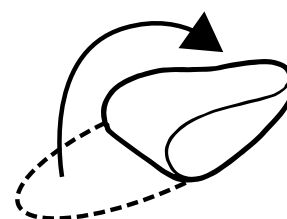

What you will need:

- templates (there are patterned, colour options or plain black and white)
- scissors
- tape or glue
- coloured pencils (optional)

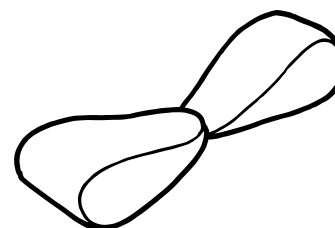

What to do:

1. Select the template you would like to use. If you are using the black and white option, colour it in.
2. Carefully, cut around the shapes for your bow.
3. Fold one of the ovals so that the ends meet up, but do not crease the fold. Secure the ends with tape or glue. Make sure you fold so the pattern or colour is on the outside.
4. Repeat step 3 with the other oval piece.
5. Join these two pieces to each other with tape or glue (as shown).
6. Take the rectangle strip and fold it over the centre of the bow. Trim it (if required) and secure with tape or glue.
7. Secure the two 'ribbon' pieces to the back of your bow with tape or glue.

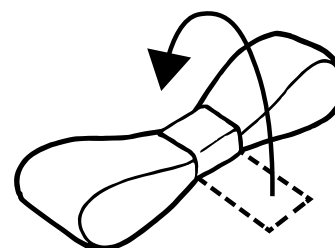

Your bow is now ready to be added to a special item or gift.
